

3-6 year old behaviour

Does your child hit and shout a lot?

Does your child argue with you all the time?

Is it hard for your child to make friends?

Some children are laid-back and easy-going; others are hot tempered and strong-willed. These children can find themselves having difficulties in school and making good progress there. Parents can find themselves stressed out and at their wits' end.

Help is at hand!

All over Scotland, parents and carers who have been finding the behaviour of their 3 to 6 year olds difficult have now started going along to **Triple P Groups**.

We have free courses for parents and carers of 3-6 year olds that can help
