

Parent and carer survey 2017/18

This survey has been devised to help us provide your child with a high quality education. Your views will help us find out what we are doing well and where we could improve.

Thousands of parents and carers have taken part in previous surveys and I would like to encourage even more of you to do so this year. The views of parents and carers really help us to improve services at the school level and across the city.

If possible, please complete the survey online using the following link:

<http://www.surveymonkey.co.uk/r/pacr17>

or complete the paper copy and return it to your child's school.

We have not asked you to provide your name. This is so that you can express your views freely knowing they will be anonymous.

A summary of the results will be circulated to all schools.

Thank you for your co-operation.

Yours sincerely

Andy Gray
