P4 will be learning through a variety of contexts developing skills for learning, for life and for work. This term, our topic will be the Water of Leith, with a focus on the wildlife that lives in this area and the steps that we can take to protect it. This topic will allow the children to explore learning in a range of contexts.

Planned Opportunities for Wider Development

As well as getting the chance to learn in lots of different ways, we'll also get the chance to learn through different experiences.

Our opportunities will be:-

- * Visit from the Water of Leith conservation trust.
- * A walk around our local area.

Ethos and Wider Life of the School

At Broughton we are very proud of the many ways that we help other people, develop awareness of our world and learn to be responsible citizens.

We have begun to focus on the meaning of our rights and responsibilities as members of Broughton PS community. Therefore, each class has created its own charter to help us all learn well together and enjoy our time at school.

This term, we will be following the whole school Building Resilience programme. This term the skill we will be exploring and developing is 'Respect Yourself'.

P4 pupils will be given the opportunity to consider putting themselves forward as a candidate for the job of class representative for the Pupil Council.
